

C.A.S. AMIGOS DEL BUCLEO

Briozoos
del mar Mediterráneo

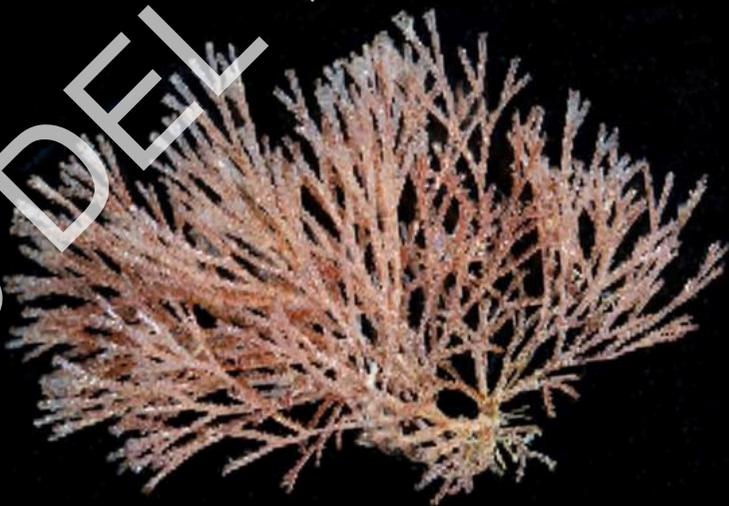

Adeonella calveti

Beania magellanica

Bugula flabellata

Bugula neritea

Bugula plumosa

Bugula turbinata

Bicellariella ciliata

Cellaria fistulosa

Cellepora brunnea

Cellepora punica

Chartella papyracea

Celleporina mangnevillana

Conopeum reticulum

Chisularia plumosa

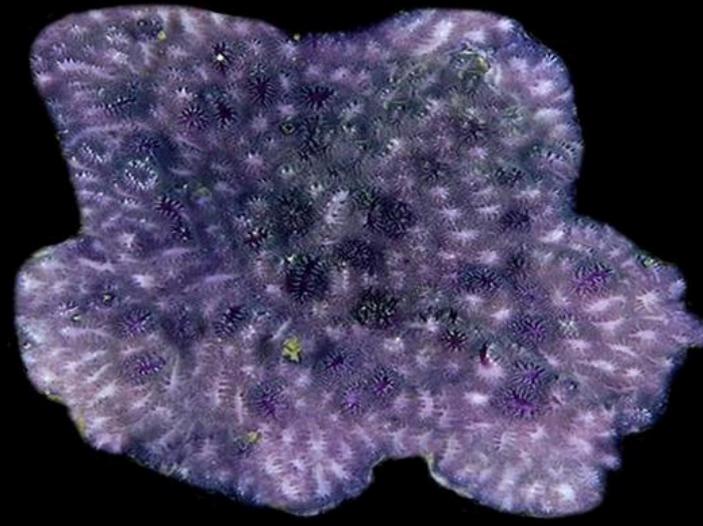

Cryptosula pallasiana

Dentiporella sardonica

Disporella hispida

Disporella separata

Electra pilosa

Electra posidoniae

Flusta foliacea

Frondipora verrucosa

Hippoporina perusa

Hornera frondicola

Myriopora truncata

Membranipora membranacea

Omalosecosa ramulosa

Orthoscuticella ventricosa

Patinella radiata

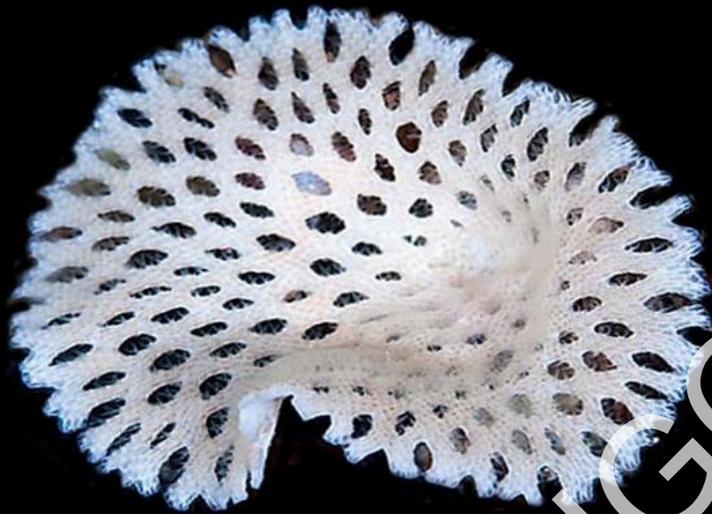

Parasmittina rouvillei

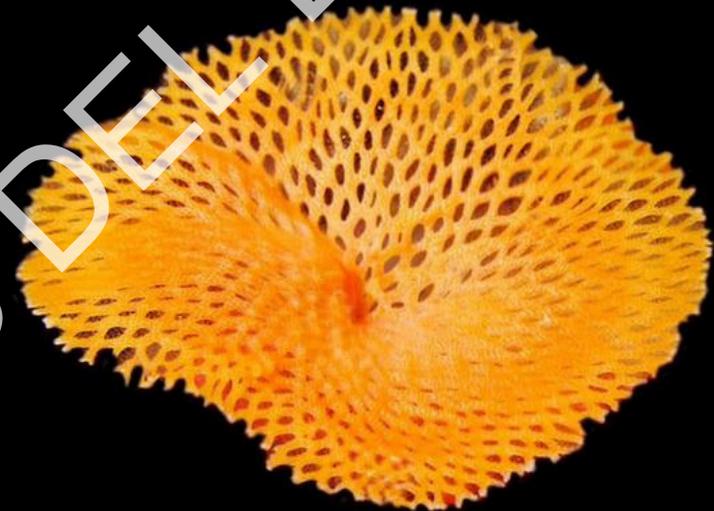

Pentapora fascialis

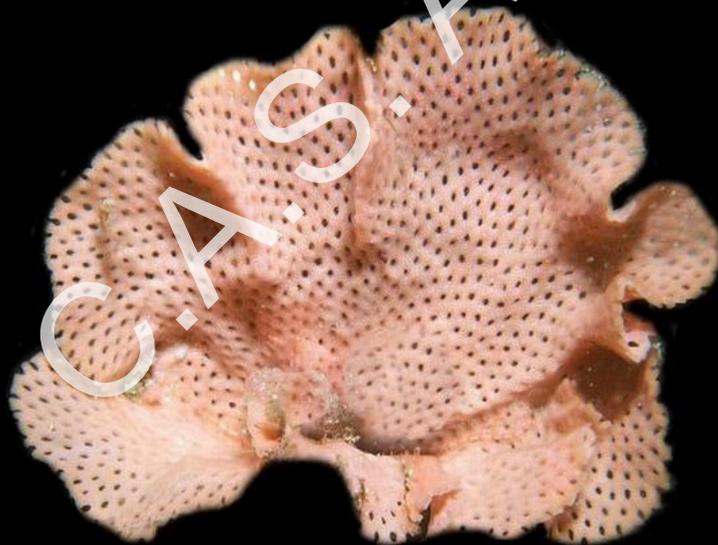

Pentapora foliacea

Reteporella baeniana

Reteporella couchii

Reteporella granulata

Reteporella grimaldii

Sertella beaniana

Sertella septentrionalis

Triphyllozoon inornatum

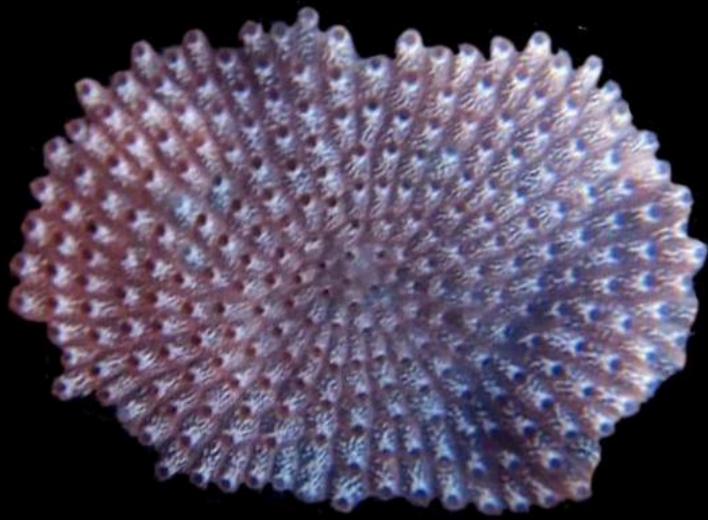

Triphyllozoon moniferum

Watersipora complanata

Watersipora subtorquata

Reptadeonella violacea

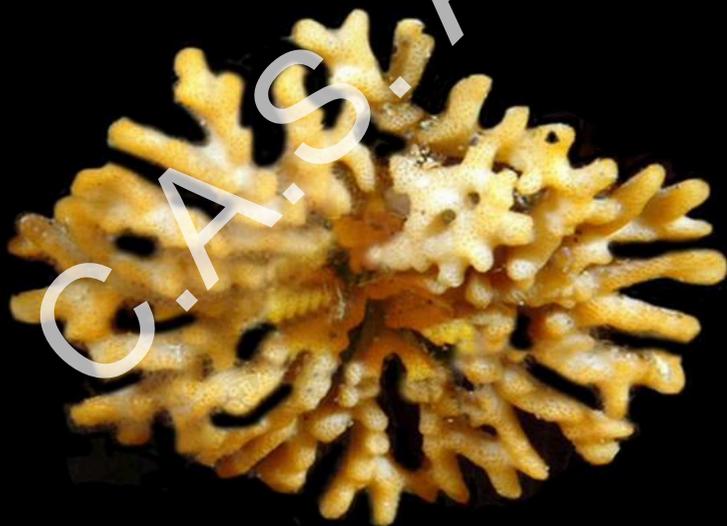

Schizomavella linearis

Schizomavella mamillata

Schizoporella errata

Scrupocellaria reptans

Smittina cervicornis
